## Large scale design with the beauty and realism of natural stone

Formica® 180fx® laminate is suitable for all lifestyles. It allows you to create the stone look you desire with all the added benefits of a softer, warmer and long-lasting material. Stylish, durable and easy to clean, Formica® 180fx® laminate is the perfect solution for surfaces and benchtops in both commercial and residential spaces. Backed by a seven year limited warranty, Formica®, a trusted household name for over 100 years, gives you complete confidence when it comes to choosing laminate.

Formica® 180fx® laminate offers inspiration on a grand scale. Achieving an unprecedented large scale design, this sophisticated laminate replicates the beauty and magnitude of natural stone by using innovative printing technology that captures every little nuance and detail. Offering an unmatched realism, its striking colour variations and intricate veining deliver a unique, luxurious look that's perfect for residential and commercial benchtops, countertops, and vertical applications.

**Laminate.**  
*your space, your style™*

## FINISHES

**GlossPlus.** A superior high gloss laminate with greater abrasion and scuff resistance, horizontal surfaces will maintain their shine over standard gloss laminates.

**Matt.** Very lightly textured Matt finish that delivers a clean and modern look and is suitable for all situations.

**Satin.** An exceptionally flat soft finish that adds a touch of class to any modern decor.

## POPULAR BENCHTOP PROFILES

**Rolled edge.** Formica® 180fx® laminate can be rolled to a minimum radius of 8mm. A rolled edge provides a clean, consistent look with no joins, is cost effective, and extremely hardwearing with very good chip and impact resistance. It is also ideal for environments where pointed edges need to be avoided or impact with the body might occur.

**Square edge** is made by clashing the benchtop edge with a piece of the same laminate to create a true square edge. A traditional Formica® laminate look, a dark line will be visible on lighter colours.

**Acrylic edgetape** is available to match selected colours from the Formica® 180fx® laminate range. Complimenting the high gloss stone decors, acrylic edgetape creates a greater depth of colour and with the décor being printed on the back of the edgetape it is protected from damage. The durable, sleek, square edge finish creates the realistic look of a stone slab at a fraction of the cost.

## Bianca Luna

Clean and classic, Bianca Luna quartzite is distinguished by a mosaic of large and small white particulates threaded with shadowy grey veining throughout.

MF GF AE

## Carerra Marble

A classic beauty, Carerra Marble displays exquisite taupe and charcoal tracery on a luminous background of creamy white.

MF GF AE

## Soapstone Sequoia

Warm and inviting, Soapstone Sequoia has finely drawn veins in white, beige and grey that crisscross over misty hues of warm and cool grey.

GF AE

## Dolce Vita

Fun and fresh, this large-scale granite pattern recalls the lyrical sweep of exotic wood interspersed with fine quartz crystals. Misty grey, off-white and charcoal are touched with hints of grey-toned rose and dusky violet.

TAKE A CLOSER LOOK

This brochure printed using vegetable based inks and environmentally responsible papers.

The colours of the photographs and swatches depicted in this brochure are as close to the Formica® 180fx® range as modern photographic, lighting and printing processes allow. The colour/finish combinations shown are available at the time of publication, but are subject to availability and may be withdrawn at any time. Note the swatches depicted are based on a 3600x1500mm sheet size. Actual sheet size is 3595x1395mm. Formica® 180fx® is no different from any other material in that darker colours, semi-gloss and gloss finishes will always show scratches and superficial wear and tear more readily than lighter colours or lower gloss finishes. Such surfaces require more care and maintenance and Laminex New Zealand recommends the use of laminate cleaning products (or mild household cleaning products). Please visit our website, [formica.co.nz](http://formica.co.nz), for specific care and cleaning information. Note that in certain lights or from different angles wipe down marks may be visible after cleaning. Formica® 180fx® should be protected from strong direct sunlight as continuous exposure may cause discoloration or fading to the surface over time. Please obtain a copy of the terms and conditions of the Formica 7 Year Limited Warranty from Laminex New Zealand or visit [formica.co.nz](http://formica.co.nz). This warranty is in addition to any rights that may exist under the Consumer Guarantees Act (1993).
